

TUVAA's Warrior Math

Course Description: Warrior Math is designed to connect the fundamentals of mathematics within each of the four basic disciplines that are utilized in academic and economic engagement. Basic skills are built upon basic grassroots mathematics concepts that can be applied to the problem, the test, the everyday applications. Students will be able to adapt these fundamentals to problem solving with and without the use of computer or mechanical button pushing! Our Math Warriors can solve problems with sticks, stones, and sand to write on. Everything else is icing on the cake!!

Objectives: Students will know the basic foundation tools in Calculations, Statistics, Algebra, and Geometry.

Students will know how to adapt mathematical knowledge to problem solving in social, academic, athletic, and economic verticals.
